

Dear Warriors,

My name is Jake. I'm a student
at J. M. Middle School.

I appreciate all the sacrifices that
all the men and women in uniform make to keep
us safe at home.

My uncle has told me about his time
served in Vietnam. I hope that the politicians
let you finish what you have started. I know
how important it is for the U.S. to be
successful, not just for the Iraqi people but
for the safety and security of the whole
world.

My prayers and thoughts are with all of
you in this important time in history.

May God watch over all of you and
return you all safely.

Your friend and supporter,
Jake R., 11 years old.
